

## (SPEAKING NOTES FOR EVENT M.C.)

A true entertainer at heart, Brian has been performing Magic since he was 8 years old. Having performed for thousands of people (young and old), his primary focus is on the art of Mentalism.

As a mentalist, his goal is to try and detect individual thoughts and to influence what a person will be thinking. This is called "Power of Suggestion." A modern day Sherlock Holmes, Brian's keen observation skills are put to use by creating a number of fun psychological "experiments" such as guessing numbers people are merely thinking of, predicting the outcome of specific events, or even knowing ahead of time what word will be circled by a volunteer in a magazine!

So sit back, relax, clear your mind (no wait – don't do that) and get ready to enjoy yourself far more than you ever "*thought*" possible!

Please join me in welcoming Brian to the stage....
